

HM-BT-BAT-ER Bluetooth HART Modem, Battery Powered

# **Description:**

Perform HART communications between a HART transmitter and a Windows or an Android device using Bluetooth.

# **Features and Benefits:**

- Access hard to reach HART instrumentation from the ground or from your truck
- Improves plant personnel safety and productivity
- Easy HART instrument configuration using PC's or Mobile devices without wires
- Less clutter on desk or workbench
- Reliable wireless communication up to 275 ft (83.8m)
- Internal antenna
- Rechargeable Li-Ion battery via mini-USB connector
- Integral heavy duty HART Mini-grabber connectors
- Meets HART Physical Layer Spec HCF\_SPEC-54
- High security 128 bit encryption
- Rugged ABS plastic enclosure with rubber boot
- Integrated loop for hanging strap attachment
- Works with DevCom2000 and DevComDroid and other HART software
- 1 Year warranty
